

**REMARKS**

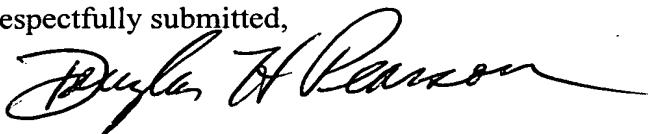

Claims 1-7 and 10-28 are pending in the application. New claim 28 has been added herein, support for which may be found throughout the specification, including, for example, the originally filed claims and pages 13-17 of the disclosure. Claims 1, 3, 11 and 21-23 have been amended for readability, and these amendments are not intended to relate to patentability or narrow the claim scope.

The undersigned appreciates having met with Examiner Spooner on May 3, 2006, to discuss the Examiner's Statement of Reasons for Allowance at pages 3-4 of the 03/13/2006 Notice of Allowability. As noted in the Response to Interview Summary filed June 5, 2006, the undersigned expressed to Examiner Spooner during the interview that the Statement of Reasons for Allowance was unduly limiting. The Examiner agreed that the independent claims do not require all part-of-speech tagged words to be sense tagged or theme tagged.

It is respectfully submitted that claims 1-7 and 10-27 are allowable at least for reasons previously made of record and that the claims do not require all part of speech tagged words to be sense tagged or theme tagged. Applicants respectfully request issuance of a revised Statement of Reasons for Allowance reflecting the same. In addition, it is respectfully submitted that new claim 28 is also allowable. Allowance of the application with a revised Statement of Reasons for Allowance is respectfully requested.

The Examiner is invited to call the undersigned attorney if a telephone call could help resolve any remaining items.

Respectfully submitted,

Date: June 13, 2006
